

Norwegian Nordito AS and Danish PBS Holding A/S have merged and established a new corporation, Nets. Among the largest companies in the new corporation are BBS (N), Teller (N) and PBS (DK), which are all leading Nordic enterprises within payment cards, payment solutions and exchange of information. Nets is one of the largest participants within its market in Northern Europe, with a turnover of DKK 5 billion and 2.200 employees. The objective is to become the leading enterprise in Northern Europe within our business domains. Nets is owned by the largest banks in Denmark and Norway, with customers in 24 countries.

SAP MM Consultant

Nets is looking for an internal SAP MM Consultant who masters the entire procurement-to-pay process. The position is in the SAP Business Enablement department, employing 17 people, which in turn is part of Nets Finance.

Our strategic ambitions are to manage and develop processes on a common SAP Business Enablement platform supporting business process needs and strategic decisions. SAP Business Enablement is working on a roadmap for the new common SAP Platform – we need you and your skills for this work and beyond.

Key responsibilities and tasks:

- Implement process for procurement-to-pay in our new common SAP Platform
- Partake in synergy- and integration projects
- Application maintenance and support activities on the existing SAP Platform

Preferred background and qualifications:

- You hold a Master degree in Information Technology, Business and Economics or equivalent
- Your skills in SAP MM are high and you strive for more knowledge
- You have 3 years experience from a similar position and/or have a consultant profile
- You are familiar with interfaces towards related modules
- You should be fluent in English
- Preferably knowledge about invoice scanning and workflows

Preferred personal qualities:

- You display strong analytical abilities and a sound understanding for the business needs
- You are good at understanding the business needs and implement them in efficient process
- You are teamwork oriented and are comfortable in the consulting role
- You are flexible, structured, and have a work capacity above average
- You display strong communicative capabilities

We can offer you:

- A challenging and central role with opportunities for professional and personal growth
- A broad contact range across borders within Nets as a corporation
- A thriving environment characterized by team play and informality
- A role with a great extent of freedom and autonomy
- Competitive salary, pension, and insurance schemes

Location:

The position will be based in Copenhagen or Oslo some travelling must be expected.

How to apply:

- Visit www.nets.eu and click on "Jobs"
- Click the position title "SAP MM Consultant"
